"Previously I was using one plus 3t it was a great phone And then I decided to upgrade I am stuck between Samsung s10 plus or iPhone 11 I have seen the specs and everything were good except the display it's somewhere between 720-1080 and it's not even an amoled it's an LCD display But I decided to go with iPhone because I have never used an IOS device I have Been an android user from the past 9 years I ordered iPhone 11 (128gb) product redMy experience after using 3 weeks 1. The delivery ...",

"iphone 11 is a very good phone to buy only if you can compromise for the display. The display on this is device is pretty good but you can get other options with better displays in this price segment.If you can survive with an HD+ LCD panel with thicker bezels and a notch up top then this is a very good phone for you.Cameras are awesome, battery backup excellent, great performance and a decent premium look. Good job Apple !",

"Best budget Iphone till date ❤️ go for it guys without second thought. Let me explain you guys about Camera, Display, battery, and performance. Camera: at this price range there is no comparison of camera, you'll love the picture quality as well as video quality. I am a Vlogger I wanted an iPhone with 4k video by front camera and I got this phone and I am more than happy 😊 Battery: I use this phone roughly as I am active social media person and I have a youtube channel. so the battery ba...",

"It's been almost a month since I have been using this phone. I upgraded from an iPhone 8. The main issue with my 8 was battery and this phone is just awesome when it comes to battery. It lasts a day and a half for me with my regular use , internet connected always with 4g Can't move forward without saying this. Battery of this phone is a life saver when I am traveling or at work when I don't get the option to charge Camera is superb. Front cam selfies and back cam photos are just awesome. ...",
